Thank you for your interest in carrying my patchwork panels in your shop! If you'd like to pre-order, please fill out the information on the following page, save it to your desktop, and email it to info@dsquilts.com as an attachment. I'll be in touch when we have a concrete ship date, and you will receive a PayPal invoice for your total.

What is a DSQ Patchwork Panel?

- A digitally-printed collage of designs from my archive.
- Each panel is 45 x 108 inches, printed on 108 inch-wide, premium quilting cotton.
- Wholesale orders ship as continuous yardage. A cutting line is printed between panels with space on either side.
- Minimum order for wholesale discount is 5 panels. Please note excess inventory will not be available for subsequent re-orders.
- \$18 per panel, ships prepaid*. Suggested retail \$45 per panel. Orders ship USPS flat rate when possible.
- Please inquire about international shipping.

How do my customers sew with it?

Panel 2 is the equivalent of a stack of carefully curated, color-coordinated fat quarters – without all the cutting on your end! The panel features a range of prints with varying scale, value, and color – well-suited for use with any of [DSQ quilt patterns](#). Package the panel with coordinating solids (I'll provide some suggestions) and a pattern! Fabulous quilt and project photography available on request!

* Sorry, no terms available at this time.
